

Selective Pallet Racking

FMCG Distribution Centre

Benefits of Godrej Pallet Racking

- **Ease** of installation & relocation.
- **Adaptability** to varying load sizes-beam adjustment possible at 50 mm intervals.
- **Wide range** of beam and upright sections enables to choose the most efficient solution for any size/load .
- **Versatility** with wide range of accessories to support various types of applications for any workplace such as RM stores, FG stores, Shop floors etc.
- **Flexibility** to be configured to any size best suited to the available height and layout.

Engineering Raw Material Store

Consumer durable finished goods Store

Selective Pallet Racking is the simplest and the most economical racking system which allows 100% accessibility to each pallet. This is ideal for large variety SKUs which need individual traceability and handling. This enables flexibility of managing variety of items yet fast throughput, as selective accessibility does not need any other pallet to be disturbed for storing and retrieving a particular pallet.

- ### Wide Usage
- > FMCG
 - > Automobiles / Auto Ancillaries
 - > Pharmaceuticals
 - > Chemicals
 - > Textiles / Apparels
 - > Third Party warehousing
 - > Engineering
 - > Paper / Packaging
 - > Energy / Power
 - > Food & Beverages
 - > Railways / Ports
 - > Defence
- Cold Storage, Seismic & other special applications*

Godrej Advantage

Uncompromising Quality

All components are designed as per IS 800/801/SEMA guidelines to ensure safety of the system. Prime quality steel conforming to IS 5986 renders the requisite strength and rigidity.

All components are given a thorough 5 zone 8 stage special pre-treatment and subsequently powder coated with epoxy polyester powder for scratch resistant and long lasting surface finish.

Unique manufacturing capability

Our highly sophisticated manufacturing facility uses world-class processes and equipments. This includes imported roll forming machine, semi-automatic welding facility and an automated paint booth, that can finish components in single piece, up to 9 metres long.

Unmatched project expertise

Godrej is the only Indian company which has the installation capability to execute concurrent multiple large projects of any size and type at various locations. We have proven credentials of having successfully executed projects of 20 metres height and value of 30 crores. Our trained installation team with latest project management techniques ensures project completion with right quality and committed time.

Wide reach

We have the widest reach in the country with an extensive distribution network of branches and dealers which covers the length and breadth of the country. We also have presence in several countries in Asia and Africa.
